

May 6, 2020

Hello everyone,

Here I am again with more news...as I said yesterday, things continue to evolve and we are trying to keep you up to date as they do.

Yesterday evening the Lord called to Himself one of our Residents and early this morning, our Little Sister Agathe Berchmans. Sr. Agathe was 95 years old, and had been a Little Sister for 76 years. She had been in Chicago since 2002. As with all of our Residents who have left us, her presence will be greatly missed around the home. Even in her later years, when she suffered from dementia, she had a way of bringing peace and comfort to those around her. May she now know this same peace for all eternity.

Representatives from the Illinois Department of Public Health came to visit our Home today to review our infection control procedures. They did not express any concerns about our handling of our situation, and we are grateful to all of our staff who work so hard to do things properly.

On this First Wednesday of the month, we ask St. Joseph to watch over our Home and all of you who are connected to it. Be assured of our continued prayers for you, and please pray for us, too.

God bless,

Sr. Julie, lsp
