

October 22, 2020

Hello everyone,

Another week is drawing to a close, and we wanted to let you know how things are progressing here at our Home. This week's round of testing revealed another two positive cases among our staff. That means we will continue our current practices (no communal dining or other communal activities) until November 2.

On a brighter note, we received word this week that, thanks to the family of a former Resident, we will be able to purchase the technology program "It's Never 2 Late" for our Residents' use. This will be of great help in combatting the isolation that comes with putting safety measures in place. We are very grateful for this possibility and will speak more about it in our winter newsletter.

Be assured of our continued prayers for you; thank you for all of your support for us!

God bless,

Sr. Julie, lsp
