

May 14, 2020

Hello everyone,

Between yesterday and today our home has received more 6 more test results regarding employees. 3 were negative and 3 were positive – 1 positive result came from the testing done here and 2 came when the employees, who have been off of work, were tested in the hospital.

Our home would like to express a word of gratitude for all of our staff who are working so hard each day. Nurses' week has just come to a close and Pope Francis, in a message to nurses around the world, which can apply to all of our employees, said, "They are men and women who have chosen to say 'yes' to a very special vocation: that of being good Samaritans who are concerned for the life and suffering of others. They are guardians and preservers of life, who, even as they administer necessary treatments, offer courage, hope and trust." We surely see that in those who work with us here.

God bless,

Sr. Julie, lsp
