

July 3, 2020

Hello everyone,

As we enter into this holiday weekend, I'm sorry to have to write and say that from this week's round of testing we have a new positive case of the coronavirus among our Residents. The individual is asymptomatic and has moved to our dedicated unit for the time of isolation. We hope that the days will pass quickly!

This new case means that we will need to continue weekly testing. We are awaiting the rest of the results from this week which should help us to see how the Resident acquired the virus. As we know from the news and from our neighborhoods, we still need to be on our guard and taking precautions to avoid contracting it or unknowingly passing it on to someone else.

We do wish you a Happy and safe 4th of July weekend. Enjoy!

God bless,

Sr. Julie, lsp
