

April 16, 2021

Dear families and friends,

I regret to inform you that this afternoon we have had a staff member test positive for COVID-19. This outcome means that dining room, chapel, and all visitation must be paused for approximately 14 days.

St. Mary's must follow the guidelines given to us by the CDC and the Chicago Department of Public Health. Above all we value your loved one's safety and appreciate your trust to take care of them.

We hope to resume these important activities as soon as it is safe to do so. We know how meaningful they are to both our Residents and to you, our families and friends.

You will receive another update Monday from me in regards to the state of our Home.

Please feel free to call or email me with any questions.

Thank you for your support,

Melissa Wierzgac, Administrator
