

Dear family and friends,

As the City of Chicago's Department of Public health continues to reduce restrictions regarding COVID our Home continues to update our own guidelines to follow suit. I am happy to announce that individual in-room visits with your family member are now possible. Our Home is now allowing some volunteers back into the building as well to help out with managing the General Store, flower planting, and other support tasks for the Sisters.

These visits will be by appointment only beginning next Tuesday through Social Services with the same screening process. Please take time to review and if you have any questions don't hesitate to reach out to me.

Thank you for supporting our mission in taking care of the elderly,

Melissa Wierzgac, Administrator
