

June 18, 2021

Dear Families and Friends,

The world is slowly opening back up and this month has been full of things to celebrate. We've had a Resident recently celebrate their 100th birthday, and on top of this major milestone we had the luxury of singing her happy birthday outdoors. This may seem like a small privilege but something as simple as blowing out candles on a birthday cake was not possible just a few months ago.

Our Home is starting to look and feel like it did prior to the pandemic and we could not be happier. These small victories coincide with tables and chairs being moved back together, Residents visiting the General Store, and less restrictions in the Chapel. Another exciting development is our Jugan Residents are being welcomed back to dine with our Residents.

Family visits have had a positive effect on the Residents and staff and we know how meaningful these moments are to you as well. We continue to follow guidelines regarding visitation to ensure safety and efficiency. Please be patient with our staff while waiting for your loved one. We also ask that you do not enter the Home or go to a Resident's room unescorted.

Following our current guidelines allows you to visit your family member safely and protects our Home.

Please continue to call our Social Services Director to schedule in-room visits and we always look forward to seeing you.

Thank you for supporting our mission in taking care of the elderly,

Melissa Wierzgac, Administrator
